ID # \_\_\_\_\_ I'm attending \_\_\_\_\_ High School Next Year

**General Information:**

**Health:** If students have an impacted schedule, meaning they have more than six (6) classes on their freshman schedules, they may want to take Health over the summer in order to keep their 9<sup>th</sup> grade schedules at six (6) classes. Health is 100% online, begins June 26<sup>th</sup> and must be completed by July 26<sup>th</sup>. Health can be completed any days/hours and from any computer location. However, students must show significant, regular progress in the class or they will be dropped for non-attendance. Students can complete the class at their own pace and may finish the course before July 26<sup>th</sup> if desired.

**Geometry:** If students successfully passed Algebra 1 in 8<sup>th</sup> grade and would like the opportunity to accelerate in math, they can sign up for Geometry over the summer. It is not recommended as class is extremely rigorous and accelerated and condenses 32 weeks of instruction into just 4 ½ weeks. Geometry begins on June 26<sup>th</sup> and must be completed by July 26<sup>th</sup>. It will be offered as an online hybrid program, with a mixture of online instruction and lab/lectures provided at CVHS.

**NOTE:** Students can only take 10 credits during the summer so they will not be able to take both.

**Please Indicate Your Summer School Choice:**

\_\_\_\_\_ **1) HEALTH: June 26 – July 26<sup>th</sup>, 100% Online.** Students must attend their scheduled orientation time on June 26<sup>th</sup> at CVHS (5 credits)

\_\_\_\_\_ **2) GEOMETRY: June 26 – July 26<sup>th</sup>** Hybrid online program with lecture/labs at CVHS. Students must attend their scheduled orientation time on June 26<sup>th</sup>. (10 credits)

**You will receive a confirmation email from the district instructing you on how to complete registration. The email used will be the one currently in your Parent Portal, so please make sure your information is up to date!!**
